MD. ABDULLAH AL MAMUN **NAYAN**

Full-Stack Developer

md.nayan8494@gmail.com | +8801944516122 | LinkedIn | GitHub | Portfolio

Tongi, Gazipur, Dhaka-1710, Bangladesh

Career Objective

Full-Stack Developer skilled in JavaScript, TypeScript, React, Next.js, and Express.js, with hands-on experience building full-stack applications. Passionate about developing user-friendly interfaces, reliable REST APIs, and maintainable software while continuously learning and improving technical skills.

Skills

Frontend: JavaScript, TypeScript, React.js, Next.js, Tailwind CSS, Shadcn/ui.

Backend: Node.js, Express.js, REST API development, Zod.

Database: PostgreSQL, MongoDB, Prisma ORM, Redis.

Tools: Git, GitHub, VS Code, Postman, Vercel, Stripe, Firebase, TanStack React Query.

Soft Skills: Problem-Solving, Communication, Attention to Detail, Adaptability, Continuous Learning.

Projects

Parcelix - Courier Management Platform Live Website | GitHub (Client) | GitHub (Server)

Features:

- Implemented shipment creation, request pickup, tracking, and shipment status management
- Developed secure authentication and a dedicated dashboard for users, couriers, and the admin
- Built RESTful APIs, database-driven shipment workflows, and shipment payment processing

Tech Stack: Next.js, TypeScript, React.js, TailwindCSS, Shadcn/ui, Node.js, Express.js, PostgreSQL, Prisma ORM, Redis, Zod, TanStack React Query.

RentNest - Rental Management Platform Live Website | GitHub (Client) | GitHub (Server)

Features:

- Developed property listings with reviews and rental request workflows for tenants and landlords
- Developed secure authentication and a dedicated dashboard for landlords, tenants, and the admin
- Built RESTful APIs and rental payment processing

Tech Stack: Next.js, TypeScript, React.js, Tailwind CSS, Shadcn/ui, Node.js, Express.js, PostgreSQL, Prisma ORM, Stripe, React Hook Form, Zod

DevPulse - Issue Tracking System (Backend) Api Documentation | GitHub(Server)

Features:

- Developed an issue-tracking API to support technical issue reporting and feature request management.
- Implemented JWT-based authentication and role-based permissions for maintainers and contributors.
- Built RESTful APIs using Express.js and TypeScript, with PostgreSQL and raw SQL for data management.

Tech Stack: Node.js, TypeScript, Express.js, PostgreSQL, SQL, JSON Web Token (JWT)

Education

Master of Arts (MA) in English (Literature)

National University, Bangladesh | 2023

Certificate

Complete Web Development

Programming Hero, Bangladesh | 2022

Certificate
